Welcome to the Cybersecurity and Identity Summit (CIS) 2026

Beyond Trust: Securing the AI Era

Now in its 7th edition, CIS has become one of North America’s most dynamic and influential platforms for cybersecurity and digital identity professionals. Each year, it brings together government leaders, industry innovators, and technology pioneers to exchange insights, showcase innovation, and shape the future of cyber resilience.

Building on the success of CIS 2025 — which gathered over 800 delegates from across sectors — this year’s summit promises even greater opportunities for collaboration, sponsorship, and thought leadership. Join us to connect with decision-makers, elevate your brand, and be part of a global conversation on securing trust in the age of AI.

Make Your Brand Visible to Our Prominent Attendees

Engage directly with **C-suite executives, policymakers, and cybersecurity innovators.**

Showcase your brand across **plenary stages, exhibition zones, and media channels.**

Position your organization as a **trusted partner in digital trust, AI, and identity security.**

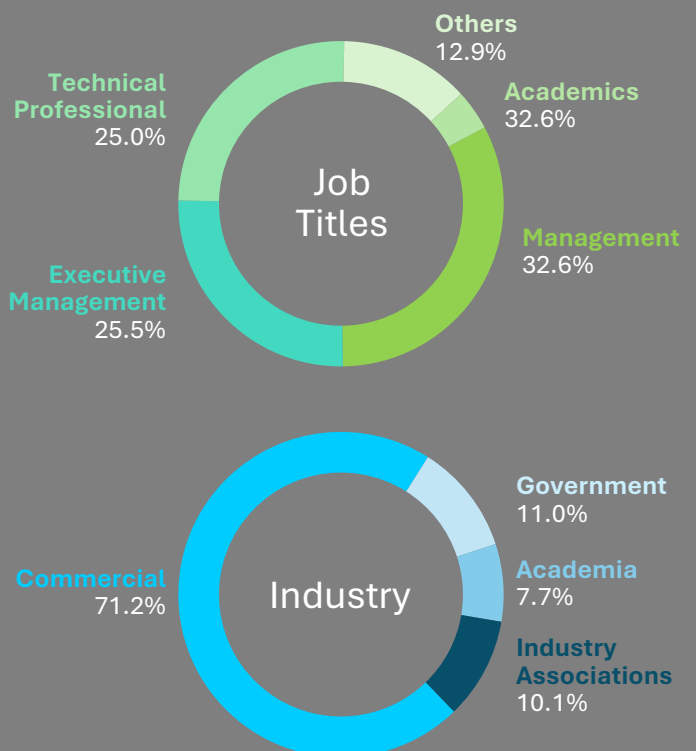

Gain **high-value networking** with buyers, regulators, and strategic partners.

Be recognized in **pre-event publicity, digital campaigns, and post-summit reports** distributed across Canada and internationally.
